

Impress

Garrett Leather's Impress line is produced using a combination of heat and pressure to emboss specific patterns on leather. When specifying Garrett Impress there is a number of items to keep in mind:

ANY pattern of Garrett Impress may be embossed on ANY color of Garrett leather. (Exceptions, due to product characteristics, are the Kenya, Mosaic, Mystique, Sheepskin and Woven lines.)

A 10" x 10" sample of a specific Garrett Impress pattern on a specified color of Garrett leather is available for a small fee. The fee is reimbursable upon placement of an order. Please allow two (2) weeks for all special sample requests.

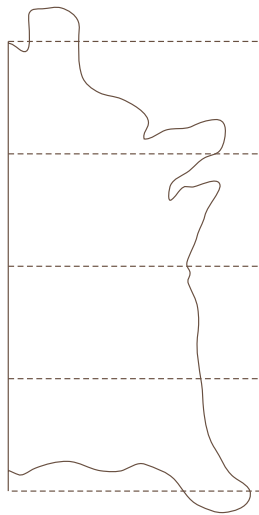

All Impress patterns are available in 1/2 hide increments ONLY.

Embossing plates are laid down the length of the 1/2 hide as 24" high and 40-54" wide (depending on specific plate size). There may be some plating marks and/or small overlapping areas of the pattern due to the nature of plate embossing. There will be a slight seam every 24" down the length of the hide. Plate sizes for each Garrett Impress pattern and a diagram of plate layout are below.

Lead-time for all Impress orders is two (2) weeks from receipt of confirming purchase order and applicable deposit.

If you have any questions regarding Garrett's Impress product, please contact your customer service representative directly at 800-342-7738.
