WELT CORD

Welt Cord may be used as trim around furniture, cushions, pillows and more. It is fabricated at corporate headquarters on a per order basis. Choose from over 600 leather colors and two sizes. All Welt Cord is sold by the yard. Due to varying dyelots, Welt Cord may not match current leather stock exactly. Requesting samples prior to placing orders is recommended.

BRAIDED WELT CORD

Braided Welt is an elegant alternative to standard leather welt. Fine strips of full grain, Italian, vegetable tanned leather are braided together with a durable cotton fabric sewing allowance for easy application and superior strength. Braided Welt is sold by the yard. Seven rich colors are available for immediate shipment. Crocking, or color transfer, may occur with excessive rubbing or exposure to moisture.
